ART PUBLISHERS TO THEIR MAJESTIES THE KING & QUEEN

"WIDE-WIDE-WORLD" SERIES — BIARRITZ.

The Sardine Fishery, of which Biarritz is a prominent centre, is a flourishing industry off the south-west coast of France. When the tide is too high to allow of entrance to the small harbours built for the fishers' accommodation, the boats are beached and women and boys go down and fetch the catch which is lowered to them in baskets. The women hawk the fish round the streets, their quaint cries advising the townspeople of the arrival of a fresh supply of these dainties.
